

MOHAN MISTRY

Coordinator

trans:*it* & trans:*it* engineering

GO FURTHER
GO HIGHER

Overview of trans:it 1

trans:it

- prepares students for learning in higher education;
- enables students to recognise and develop their strengths and identify their needs;
- is a suite of support tools for students and tutors in FE to work through;

Overview of trans:it 2

THERE ARE SIX TOPICS

1: You and Higher Education

2: The Independent Learner

3: Time Management

4: Managing Information

5: Writing for Higher Education

6: Group work

Overview of trans:it 3

FOR EACH TOPIC THERE IS:

- student learning material
- guidance for tutors
- support in the use of the material

STUDENT AND TUTOR CONTENT ARE AVAILABLE IN:

- a paper-based version
- a web-based version

Development of of trans:it

The project was funded by WYLLN, the West Yorkshire Lifelong Learning Network;

The project involved collaboration across further and higher education;

The project extensively involved students from FE and HE

Website Feedback

- Google Weekly reports
- Over 2100 hits since …. average of over 40/week
- Could be many more who have used it
- Not just West Yorkshire and National
- BUT
- Worldwide USA, Canada, Japan, Vietnam, Australia, India, Oman
- Turkey, Italy, Russia

User Feedback

Gordon Brindle, Senior Tutor, Leeds City College. My first impressions are:

- very well-put together
- superb attention to detail with lots of really good interactive resources for both student & tutors
- great addition to the tutorial resources for our foundation degree

Tony Sturdy, Senior Careers Advisor at Huddersfield New College

- We have just enrolled on pilot e-portfolio project with 70 students and if this proves successful we will be rolling it out to all students next year and trans:it fits well into the personal planning element of the e-portfolio."

trans:it engineering modules

Unit 1: The Engineering Profession

Unit 2: Maths for Engineers

Unit 3: Underpinning Science

Unit 4: SI and Imperial Units and Correct Usage

Unit 5: Materials and their Properties

Unit 6: Project Management

Unit 7: Control Systems

Unit 8: Engineering Extras

Finally

- Thank You
- My contact details – website and next slide
- Safe journey home
